Description

LAS HAYAS

The route starts at the Las Hayas Recreational Area and covers approximately 30 km through the highlands of Icod de los Vinos. Along the way, we will pass through extensive Canary pine forests, areas of monteverde and volcanic rock formations, while enjoying magnificent views of Mount Teide, the Corona Forestal and the Atlantic Ocean.

The route passes through places such as El Lagar and its Forest House, as well as Los Hornos, where traces of the traditional use of the pine forest for pitch production can still be seen. The route also follows part of the Camino de Vergara, one of the main forest tracks crossing this area of the Corona Forestal.

This is a difficult route, mainly due to its length.
