## Description

This route starts at Plaza de la Pila (Plaza de la Constitución) and climbs towards the neighbourhood of El Amparo, following old paths that reveal part of the history and rural landscape of Icod de los Vinos. Along the way, you will discover interesting landmarks such as the Drago Milenario Park, the old watermill dating from 1602, the historic Camino Real de Boquín, the Torreón de la Pólvora, Finca Boquín and the traditional washhouses of Madre del Agua.

The route continues through rural areas and past old buildings until reaching the neighbourhood of El Amparo, where you will find the Church of Nuestra Señora del Amparo and can enjoy traditional Canarian cuisine. From here, we begin the return journey towards Plaza de la Pila, passing by the Chapel of San Antonio.
