Description

CRUZ DEL CAMINO

This route starts at the Chapel of Cruz del Camino and follows old traditional paths through agricultural landscapes and the typical vegetation of Tenerife's mid-altitude areas. Along the way, the route passes through small farms and areas of Monteverde forest, offering a landscape where nature, agriculture and tradition come together.

The route continues towards the Cueva del Viento, one of the most important volcanic tubes in the world. It then follows rural paths, passing old threshing floors and farmland until reaching the small village of Redondo. The route ends at Redondo Square, where the Chapel of San Pedro and San Pablo is located. This peaceful place offers beautiful views of the surrounding landscape and Mount Teide. It is a good place to take a well-deserved break, rest and recover your energy before starting the return journey.
